"We don't love being in front of the camera..."

No lie... SO MANY of my clients tell me this at our initial wedding call and that is why the engagement session is SO important!

On the day of your wedding, the LAST thing you want to think about is how you are going to look in front of the camera. I promise, there is so much more going on, this little thing should not matter. The engagement session is completely no pressure preparation from your wedding day.

These photos don't necessarily need to be used for "save the dates" or invitations, I tell my clients to use this time and shoot to loosen up, get to know each other (me and you two) and have fun telling your love story!

I always recommend making the session personal to your love story. Whether it is at your favorite park, bar, restaurant, home, whatever, let's get creative and tell your story.

Why purchase an Album?

As a kid, I remember the few times my parents pulled out their wedding album and we looked through overly posed photographs while they told us stories of that special day. There's really nothing like opening up an old book of photographs, so why eliminate that treasure from your wedding keepsakes?

I offer two types of Albums - 12x12 Fine Art Albums that are printed high quality museum grade books either Linen or Leather bound, we will design and revise the book together within 1 year following the wedding. These are keepsake albums which last a lifetime and are meant to be kept protected. I also now offer a "Memory Album" this is a smaller Fabric 10x10 Layflat Album printed on Superfine paper with matte finish. This album is allows for no client revisions and trust in me to create a memory album of your wedded dreams.

Add any album to any collection prior to signing for a discounted rate

ASK ME ANYTHING

My Second Shooter, My husband

Meet Mike! Mike is my partner of 14 years and husband of 5, he has watched my business grow from the beginning and has been my biggest source of support, especially now being my "partner in photography", as well as life. Mike is an arborist by trade, a guitarist by skill, and the best guy I know.

Mike unexpectedly fell into second shooting for me... here's the story:

In 2017, photographing a wedding for our dear college friend's older sister, Mike was invited to tag along for the wedding weekend. As I went to photograph the bride, I figured Mike would be bored hanging around the venue alone all day, so I handed him my spare camera and told him to go photograph the groom's party. By the time we got to the ceremony, he asked to photograph that too. Since then, I realized he truly has an "eye" for photography and I taught him the entire camera.

Now Mike has been photographing as my primary second photographer for the last 3 years, he brings a fun and exciting energy to the day, he is the person I trust most and he has a unique eye, allowing for unexpected and uniquely beautiful images to be included in your gallery.

Well, we are interested, so what happens now?

You will receive an email with a personalized timeline, collection recommendation and sample contract to review with the proposed collection for you. Typically I will follow up after 2 weeks to see if you are interested in moving forward with the photography coverage, unless I get another inquiry for the same date, then I ask that you decide within 1 week.

Once the contract is signed by all parties and the retainer is paid, our planning begins!

If you decided to use your complimentary engagement, we can start there! I typically recommend doing the engagement photos 8-6 months prior to the wedding day, if not earlier if using photos for "save the dates". To prepare for your engagement session, I will send over a questionnaire which will help with location and vibe ideas! Also helps me get to know you two even better. If you are totally lost on what to do for the engagement session, I have a few resources on my blog that can help!

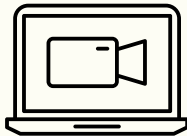

As you plan for the magical day, I will be checking in! I will be sending helpful emails with tips and ideas to help along the way. I LOVE when my clients send me photos of their fits decor, ideas, and Pinterest boards. Honestly the more I know and can prep for the day... the better!

About a month before the date is when we really get the details down. I will send over a big questionnaire which I will ask you to take your time on filling out. This is where I want to know every detail! I want to know times you have set, important people who are present, the vendors I will be showcasing and even the family and friend dynamics. From there we will set a date to review and confirm a time together, then we are ready for the best day EVER!

FREQUENTLY ASKED QUESTIONS

ONCE WE BOOK YOU FOR OUR WEDDING, WHEN WILL WE HEAR FROM YOU NEXT?

One of the most asked questions!

If you have an engagement session, typically we will schedule that for 6 - 12 months before your wedding day. After that, I will reach out a month before the wedding day to send you an online questionnaire and schedule a pre-wedding consultation 2 weeks before the wedding day to go over your questionnaire answers and finalize any details. That doesn't mean I am not available to receive any calls or questions while you are in the planning process! I am here to recommend vendors of all types and answer any additional questions, I am here for you from the start.

DO YOU TRAVEL FOR WEDDINGS?

Yes! I will add any travel fees for any drive that is 1 hour outside of Buffalo, NY.

Travel fees are based on mileage and will be calculated at initial contact.

WHAT IS REQUIRED TO HOLD MY DATE?

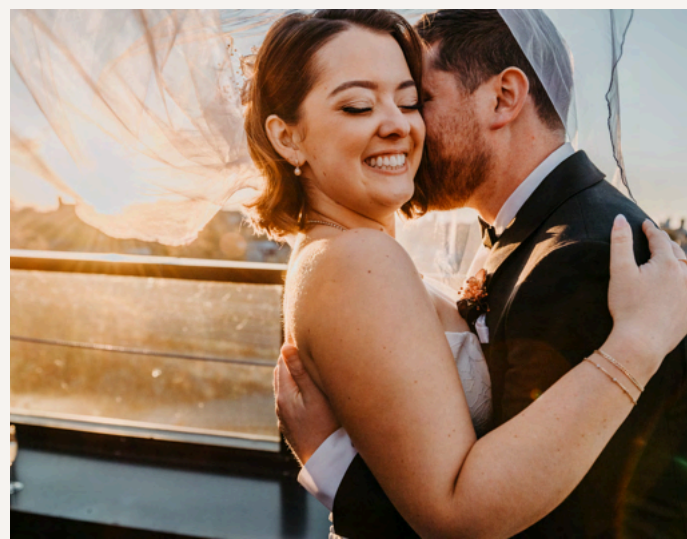

To hold your wedding day, I require a signed contract and a 50% retainer fee. The remaining 50% will be split into 2 payments, first at the half way point between signing and your wedding and the second at the time you receive your photos.

WHEN DO WE RECEIVE THE PHOTOS?

Within 10-12 weeks after the wedding day, unless otherwise stated.

Within 2 weeks, you will receive a “mini gallery” of your wedding day, about 100-200 photos

They photos will be sent via digital gallery, you will download them right away from the link.
